Sermon: "Antichrists Betray Their Own." Pt. 2- What's Wrong With You People? Pt. 27

I Text:

Old Covenant: *Judges 9:22-33*

New Covenant: *Galatians 6:7-9*

II Doctrine:

God himself now allows the antichrist spirit to run its course in the life of Abimelech. The God of the old covenant and new testament, are the same. You will reap what you have sown in your life.

The kingdom of antichrist is built on division and will always crumble. The Shechemites stressed their blood relation to Abimelech's mother to commit evil. Now they stress how they are not related to Abimelech's father to commit more evil! Gaal is creating division just as God has planned. Stay away from the fickle children of rebellion!

Gaal betrays Abimelech, and Zebul betrays Gaal in a circle of treachery. Abimelech will heed Zebul's warning and surround Schechem with his army. Rebellious movements against God and his law always end in death and destruction!

III Comparing Scripture With Scripture:

1) God himself now allows the antichrist spirit to run its course in the life of Abimelech. The God of the old covenant and new testament, are the same. You will reap what you have sown in your life.

(Judges 9:22-25; Ecclesiastes 8:11)

2) The kingdom of antichrist is built on division and will always crumble. The Shechemites stressed their blood relation to Abimelech's mother to commit evil. Now they stress how they are not related to Abimelech's father to commit more evil! Gaal is creating division just as God has planned. Stay away from the fickle children of rebellion! *(Judges 9:26-29; Galatians 6:7-9)*

3) Gaal betrays Abimelech, and Zebul betrays Gaal in a circle of treachery. Abimelech will heed Zebul's warning and surround Schechem with his army. Rebellious movements against God and his law always end in death and destruction! *(Judges 9:30-33)*
