Further Considerations

Joshua 11:1-15

In what area of the Promised Land are the kings located that are mentioned in these verses? How is their military might described? What weaponry do we find mentioned here for the first time in Joshua? What might have been Joshua's response to facing this enemy? How is Joshua encouraged to confront such a vast army? What does Joshua do? Why do you think the Lord had Joshua destroy the chariots and lame the horses? What are some specific promises of God that encourage you when you experience difficulties? What statements in this passage reflect Joshua's obedience?

Joshua 11:16-23

What does this text indicate about the length of time it took for the northern conquest? What do you surmise about Joshua's character from this passage? Why did none of the cities make peace with Israel? According to Deuteronomy 7:1-6, what concern was mentioned about the inhabitants of the land? What lessons can you learn about the holiness of God? How might people today be drawn away from true worship by the surrounding culture?

Hebrews 6:10-15

What do these verses tell you about God's knowledge of your service for Him? What are you encouraged to do? What causes you to become impatient or to want to quit? In what way did Abraham obtain the promise that had been given to him? What are some of the things that you as a Christ-follower have to look forward to because of God's promises? How can you better share the good news with others?
