Election 2020 Sermon Pt.2: “John Piper Made Trump!”

I Text:

Old Covenant: *Judges 16:1-6*

New Covenant: *Matthew 7:15-23*

II Doctrine: Western European society is in the final stages of a massive collapse. All of our essential institutions including the family, school, church, and state have been purged of Biblical values. The Lord is left with biblically illiterate people to carry out his judgment.

Church leaders will be held most responsible for teaching abhorrent doctrine from the pulpit. Pastors like John Piper and Mark Driscoll, should resign from their ministry and remain silent, for their own protection. You cannot separate “Calvinism” from covenant theology, and creedal Christianity. All of the “New Calvinist” types promote a charismatic and lustful Christianity.

When a Nation is wicked, the rulers of that Nation will reflect the people. When we are faced with terrible choices for leadership positions, remember Christian’s serve a different master.

We are to be influenced as little as possible by national governments. Our main concern is to build strong families to strengthen the Kingdom of God. God’s people who are faithful will achieve victory under any circumstances.

III Comparing Scripture With Scripture:

1) Western European society is in the final stages of a massive collapse. All of our essential institutions including the family, school, church, and state have been purged of Biblical values. The Lord is left with biblically illiterate people to carry out his judgment. (*Judges 16:1-6*)

2) Church leaders will be held most responsible for teaching abhorrent doctrine from the pulpit. Pastors like John Piper and Mark Driscoll, should resign from their ministry and remain silent, for their own protection. You cannot separate “Calvinism” from covenant theology, and creedal Christianity. All of the “New Calvinist” types promote a charismatic and lustful Christianity. (*Matthew 7:15-23*;

3) We will reiterate the point that the position of the President, and role of the Federal government has turned into the monster the founding Fathers worried about. Voting for President Trump in this election only delays the collapse. We as Christians must covenant together and prepare for the potential break-up of America.
