Questions

1 – (04:40) – In 2 Cor 12, Paul talks about going up to the 3rd Heaven and hearing inexpressible things. What are your thoughts on people who have similar experiences in our modern age?

2 – (09:03) – When John the Baptist saw Jesus and proclaimed “Behold the Lamb of God who takes away the sins of the world”. Did he know what that meant when he said it or was he prophesying?

3 – (11:47) – In John 3, Jesus talks to Nicodemus about unless you are born of the spirit and water, you will not see the Kingdom of God. In 1st John 5:6-8, John says these 3 agree in 1 – the water, the blood and the spirit. Please explain these two verses on the water and spirit.

4 – (17:43) – Is God speeding up time on us? Because days are really zooming by. And in Matthew 24, scripture says that “unless those days be shortened, there should no flesh be saved”. With all the things that are going now, it seems that time is speeding up on us.

5 – (22:22) – In Hebrews 13:17, it says obey your leaders and submit to their authority. My question is, should the people in a church let a leader in that church tell them who to marry, or what kind of car to drive, or tell them what house to buy? Also, are other churches allowed to tell churches how to do things, how to act, and what they can or cannot do? Is there a head church that holds this power?

6 – (31:35) – Why is the gift of dreams and visions and interpretations of them seen as lunacy or heresy in the body of Christ instead of being a type of gift that is given by the Holy Spirit to edify the body of Christ. I am referring to Peter who was given a vision and revelation not to discriminate. I am referring to Acts 11. Please comment on that.

7 – (38:50) – A woman called and she wanted some suggestions to share with people on their deathbed.

8 – (42:18) – Matt 7:22 – Where the Lord says “I never knew you, depart from me you workers of iniquity” – who were these unbelievers?

9 – (46:20) – Concerning eternal life and conditional eternal life, please explain the prodigal son, when he was gone his dad said that his son was dead and lost but when he came back that he was alive and found. Is that eternal life conditional, meaning that since he left, he was dead and no longer a son. Or was he considered alive since he came back. Is eternal life conditional?

10 – (51:25) – Somewhere there’s a verse in the Bible about “gaining the whole world and forfeiting your soul”. Where is that scripture and can you offer a brief discussion on it?

11 – (54:45) – If someone is an adult and they have an accident and become mentally impaired and cannot communicate or function, how does that work with salvation? Also, if children or babies of parents who are not believers – are they raptured? Is there an age of accountability? How does that work?
