

## **Message Title:** Considering God's Schedule Pt-5

**Theme:** This message is on the third age of this earth as described in scripture and contrasts the obvious evidence all around us with the scientific explanation of evolution.

The modern Church Age has failed greatly in allowing one generation after another to be taught by non believing educators. The result is that we now find believers trying to reconcile the teaching of evolution with the biblical description of creation or believing in evolution in place of the scriptural account. We have become intimidated by those who believe that the Universe started miraculously by a Big Bang in a vacuum, but reject the obvious proof that is all around us of creation.

Satan approached Eve with a lie and a sales pitch offering more than God had given her and the desire to have what she wanted made Satan's argument easy to believe. The same is true today, the unbelievers don't want to think about becoming accountable to a higher power and evolution is a way to dismiss God's existence.

This failure of the Church is one of omission, for had the instructions in Psalm been taught as intended the reality of creation would have been much easier to defend.

**"Great is the LORD, and greatly to be praised; and his greatness is unsearchable. One generation shall praise thy works to another, and shall declare thy mighty acts."** Ps. 145:3-4

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, *"And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me"*. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, *even* as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
