1. Jesus Christ is \_\_\_\_\_ and easily approached--even by sinners.

2. The effects of \_\_\_\_\_ are devastating in the lives of people.

a. The \_\_\_\_\_ in the world is a direct result of sin.

*"How marvelous it is that we do not \_\_\_\_\_ sin more than we do! Sin is the cause of all the pain and disease in the world." - J.C. Ryle*

b. It is only \_\_\_\_\_ who can effectively address sin.

3. God has ordained \_\_\_\_\_ as the means for receiving the deliverance provided in Christ.

a. The Lord responds to faith--even when it is \_\_\_\_\_.

*"God deals kindly and gently with His people,--accepts their \_\_\_\_\_, though imperfect and weak,--and does not lay to their charge the faults and imperfections with which it is connected."*

*- John Calvin*

b. God graciously takes weak faith and makes it \_\_\_\_\_.

c. The end result of faith is that we are helped and God gets the \_\_\_\_\_.
