

“Providence, Prudence and Prayer”

Genesis 32

Introduction:

Proposition: The salvation accomplished by our Lord Jesus Christ and applied to undeserving sinners like us by the Holy Spirit is vastly greater than simply deliverance from sin and death (i.e. fire insurance). The believer is being transformed into the image of Christ (2 Cor. 3:18). This process of sanctification involves both divine grace and human gratitude (faith in action). Are you aware of God’s gracious involvement in your life? If so, how should you respond?

I. Providence provides the opportunity to grow

II. Prudent action is required

III. Persevering prayer is a prerequisite
