

**Message Title:** The Creator's Genius Pt-3&4

**Theme:** This second message in this short series looks at the uniqueness's of two more of God's creation. Woodpeckers are looked at first and then the Australian Malleefowl and what God designed into them on the fifth day of creation.

Many may say that the scientific study of Ornithology has no place in the pulpit, but it does. To preach the whole council of God requires information that allow us understand our Creator better. That is not to say we need to study creation to marvel at the wonders of it, or for proof of creation but just as the artwork is a reflection of the artist, God's creation displays His individuality.

Consider what Paul wrote in the first chapter of Romans; "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to everyone that believeth; to the Jew first, and also to the Greek. For therein is the righteousness of God revealed from faith to faith: as it is written, the just shall live by faith. For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made. The personality of God is revealed in what and how God made what He did. (To be continued in the next study of The Creator's Genius)

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, *"And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me"*. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, *even* as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
