- OK wow. Little different today. Just before we get started just to talk a little bit about what's going on, I mean everything, evaluates as it does with respect to the Nation of Israel cause we are in at time. The focus is coming off of the church and going on to Israel. That is how it works and that is the truth of life, of the Bible. That is how it's laid out. And Israel has, you know, comes into being in 1948, 49 here it is now. So how does this current economic, political geopolitical situation affect them? Europe, if you've been watching the news at all has COVID levels that are exceeding the United States, COVID does, both in mortality and in cases. France, Italy, Belgium, Poland, United Kingdom, Spain, vary, they're having upwards of 2500 to 3000 deaths a day now. The equivalency is the continent of Europe in the continent United States. Demographically of course is different, but it's geologically is very similar in size of course, and there's a great deal of cultural differences, and so we should compare ourselves to Europe. Europe is thinking that not only will there be a second phase, that they're going through that they expected third phase. If that happens, the economic structure of the world is going to collapse. Have what will take its place becomes the obvious question. So pay attention to that. We are in turmoil all over the world because of this pandemic and. If it lasts three years instead of two years, then all of this stays the same. We now order our groceries and people deliver them to us and drop him on the porch, then we wait for them to leave and we go out and grab them and bring them in. That is a terrific system in less. You don't like isolation, and it's very difficult for human beings and animals to be isolated, so we'll see the these issues. If the European levels continue to be like they are South American levels are difficult. Of course, United States levels are difficult. Alaska levels are difficult. OK, so keep watching that.

• Here we are. November the 22<sup>nd</sup> I hope, 2020. I'm pretty sure about that. Lecture discussion number 121. Am I right about that? I got a thumb, and a nod that's I mean that's the best I can do. That's the highest possible affirmation and I am of course someone who did not get affirmed enough as a child, so. Validations problem for me, so I appreciate a thumb and a nod when I get it. Not sure discussion number 121 on the Book of [Joel](#), [Daniel](#), [Revelation](#), [Ecclesiastes](#) and now [Job](#). How about that huh? Last Sunday marked the return to my dining room. This is used to be the dining room and now it's more or less the television room of the television article TV is hidden behind this beautiful platinum model dry erase board that's reversible, as you know and holy, but we'll come back here after 22 years. It's amazing for me to consider that. And we had four interim locations or facilities. So when I refer to metaphorically, when I refer metaphorically to Cliffside as a band of intrepid Wanderers, that is a literal component, that's exactly what we had been, and that's probably what we will be again. And I must say also that I took the time to watch the video and I don't do that. I rarely do that. I might watch a little bit of it, but I never spend anytime listening to me because I find the lecturer, the speaker of these things to be discursive. And balding, and he has a corrugated face now, and so I refrain from self flagellation as a general rule. But I made an exception and this time I wanted to verify my instinctive assessment. From last week. Consider it to a postmortem necropsy if you wish, not narcissism in case you were wondering about that. Anyway, my suspicions were confirmed, the lighting was not flattering. Not a surprise, all lighting is not flattering to me now as are all photographs everyone, no exceptions. I'm in the stampeding livestock phase of my life and I'm dealing with it. It's a little despairing. You avoid mirrors, you avoid dark glass, you don't get photographs, you know it's you. Don't look at the water that it's a deep pool. Everything. When you walk up again against children, they shriek, they shriek and they withdraw. It's not much fun, but it is what it is. Or it is how it is. It is what it will be. But anyway, all of that, because I just don't like watching. But I did notice that the lighting was not very good, so we added some more lights. We happen to have contracting lights here for us to do different tasks that we do all the time, so we're trying them today. Hopefully that works. And also this this new old environment that I work from last week I couldn't get comfortable. I just didn't feel right here. I couldn't see my manuscript. And that in my printing was smaller than usual. I don't know why I did that, but for some unknown reason it's it's. Dementia onset, I'm sure the elders disease. And I've got these. I'm more so inhibited now than before because I have these vitreous detachments in both eyes now. Which are little dark spots that float around and I also have the clear Arrowhead things that happened as well and they have the capacity to manifest without warning, and they picked Sunday because the logical and their malevolent and they're sneaky, of course. And they picked last Sunday at 4:00 o'clock to rise up and block both of my eyes. And then the light that I had was very difficult. I couldn't read anything. Had a tough time. So instead of being a one eyed, old bald man, I had two, I couldn't see outta either eye. Usually it's just left, confined to the left, but now it's in the right. Your mother Dave your mother Terry, told me she couldn't wait. She laughed one day, I told her I had vitreous detachment in the left eye, she went; ha, ha, ha, ha, you will have vitreous detachment in both eyes at all, no, not yes. I have it now, both eyes. And yeah, yeah, yeah, these are my excuses. So get used to it. I'm going to have more excuses. That is certain. OK Job, the Book of Job, Satan is given permission by God to attack to consider. God says, have you considered my the evidence of my servant Job? That's what we have. Here is a trial and it is a rebuttal if you will. Satan has

made an accusation against God in front of the angelic host all the time. He could from [Ezekiel 28](#), [Isaiah 14](#) forward so. Again, the timelines valuable to establish, but at any event they are having a conversation. Satan is accusing and God has rebutted it. Have you considered in the evidence that is occurring in my servant Job? Job is obviously evidence he's the reputation of the lie of Satan. There is none like Job on the earth, a blameless and upright man who fears God and shuns evil. Who holds fast to his integrity in spite of being besieged by Satan without cause. What I just gave you with [Job 2:3](#). That's what the Bible says without cause is particularly important. Cause it is a condemnation of Satan. Job is declared to be innocent by God. The judge, the ancient of days. He announces the vindication of Job, the acquittal, if you will of Job. And Job says some amazing things while he is being tested. Let me write that down. Job tested. That should light you up. There is prohibitions of with respect to testing, and then there is testing that is done by God himself and Job is being tested by Satan. So we have tested, Job tested and we have Satan as a component. So I would ask you immediately where would you go. Where would you go in the Bible to find the New Testament compliment? Well, obviously you have Christ being tested, by Satan, so you would start there [Matthew 4](#), [Luke 4](#), [Mark 1](#). So there is your [Job 2](#), [Job 1](#), [Job 2](#), [Matthew 4](#), [Luke 4](#), connection. And again, Job says some amazing things while Satan is testing him and we should review what is excuse me. What is Satan testing him for? What is the purpose of the test? Well, Satan reveals it, I hope you remember it, so we should review as much of this as we can. But again, how interesting the Job is being tested by Satan, Jesus Christ himself tested by Satan and of course Jesus Christ is God in the flesh, and that is something that Satan did not know at [Matthew 4](#) and [Luke 4](#) at the beginning. He did not know who he was up against. He thought this was an endowed man, much like Adam, perhaps. Maybe Moses. But certainly he did not know the solution is the God man. Though Satan was unable, he didn't know it at the time. But he was eight and he was unable to withstand the command from Jesus to depart away with you, Satan. Now when that happened. Nobody does that to Satan, there is nobody more powerful than him, so he began to be suspicious and I at that point, I think Satan likely began to unravel the [1<sup>st</sup> Timothy 3:16](#), which is the mystery of godliness. At that point, he realized this is God. He recognized him at that point, I believe. I suspect that God has said before, to Satan, away with you Satan, away with you Satan. This is not the first time that Satan confronted that language. I imagine he recognized it. That's of course my view. Other people disagreed with me. I know it's inexplicable and if the Job test attaches to the Christ test. So let me for this way. Lay it out in a formulated matter. If the Job test, takes us to the Christ test, then I've got some questions that pop up immediately, don't I? If Job attaches to Christ, Christ is who? How does he describe himself? [1<sup>st</sup> Corinthians 15](#), as the last Adam or the 2nd Adam if Christ is the last Adam and Job test attaches to the Christ test, then Job has to attach to the Adam test. So you now need to discover what you consider to be the Adam test. As all three of them would line up? We would expect that to be true the Job test is similar to the Adam test because of the hedge because of belief because of integrity the Christ test is completely different because at the time Satan might have thought it was a hedge test or a belief test or an integrity test, as would be Job and Adam, but Christ said, "away with you Satan", that changes it. Now Christ is not being tested for belief because he has to believe in himself, which naturally he would do. He's not tested for integrity because he's impeccable. He has no sin him and cannot have sin. So it isn't an integrity belief and he doesn't need a hedge he's Omnipotent, so he differentiates himself from the two

tests of Adam and Job, but they will all line up if I hope that makes sense. He's the last Adam, the association to the first Adam. Is it can't be denied [Romans 5:14](#). OK, Satan's accusation, is the Job believes God, But only because there is a hedge around him. So Job has a hedge. God has put this protective barrier [Job 1:9 through 11](#), Adam of course also has a hedge, doesn't he? He has a garden? God put a protective barrier around Adam. In both cases, Satan is able to breach one by permission to attack Job. Does he have permission to attack Adam? Did God give him permission to do that? Would they all line up like that? What do you think? Or is Job different than Adam? And if Job and Adam, of course correlate, then what happens next if I've got [Romans 5:14](#), what am I missing from my little, this messy, writing, I'm missing [Deuteronomy 18:15](#) because I know, that these guys are there? Who is [Deuteronomy 18:15](#)? You all know who [Deuteronomy 18:15](#). That's Moses so. But I have Job and I have Adam and I have Christ. Then I'm gonna have Moses because of [Deuteronomy 18:15](#) and [Romans 5:14](#). This connection between Adam and Moses brings us into this discussion with Job. And that makes us consider [Job 1:12](#) in [Job 2:6](#) and we should reread those today. So let's do that started show. Started [Job 1:8 thru 12](#). OK, "Then the LORD said to Satan, "Have you considered My servant Job" again? This is not the first time this conversation has occurred between the two of them, even though it may be the first one recorded of them. There's two recorded. I believe they were many discussions with God and Satan in front of the angelic host in a courtroom type setting. Or if you want to think of it this way. When I was in high school I participated in forensics. That does not mean looking at cadavers. That means debate. and so Satan and God have these discussions that there is a truth for pretty good audience when she was suspect i would suspect that the entire angelic host whenever God and Satan have these kinds of discussions is Is present, "Have you considered My servant Job, that there is none like him on the earth, a blameless and upright man, one who fears God and shuns evil?" So Satan answered the Lord, it says, does God fear? Stop. I can see today that's good. Cool thing about not having the broadcast system on me, I get to chew ice. So Satan answered the LORD and said, "Does Job fear God for nothing? "Have You not made a hedge around him, around his household, and around all that he has on every side? You have blessed the work of his hands, and his possessions have increased in the land. "But now, stretch out Your hand and touch all that he has, and he will surely curse You to Your face!". Let's go to [Job 1:20](#), "Then Job arose, tore his robe, and shaved his head; and he fell to the ground and worshiped. And he said: "Naked I came from my mother's womb, And naked shall I return there. The LORD gave, and the LORD has taken away; Blessed be the name of the LORD." In all this Job did not sin nor charge God with wrong. [Job 2:2 through 10](#), And the Lord said to Satan, this is the second time this we discussed this. A little bit last week. Why are there two in Scripture? What's the point? It's always a point, "And the LORD said to Satan, "From where do you come?" So Satan answered the LORD and said, "From going to and fro on the earth, and from walking back and forth on it." Then the LORD said to Satan, "Have you considered My servant Job", of course, Satan had been considering. His servant Job. It's obvious that's why he was going to and fro on the earth one it was his Kingdom. Prior to Adam, but Adam has fallen at this point, and so Satan is back in charge in some respect, calling the Prince of the Earth now instead of the King. "Then the LORD said to Satan, "Have you considered My servant Job, that there is none like him on the earth, a blameless and upright man, one who fears God and shuns evil? And still he holds fast to his integrity, although you incited Me against him, to destroy him without cause." So Satan

answered the LORD and said, "Skin for skin!", why did you say that? What does he mean, skin for skin? "Yes, all that a man has he will give for his life. "But stretch out Your hand now", so again Satan says you do this to him. You hit it, "and touch his bone and his flesh, and he will surely curse You to Your face!". Satan's talking about something that I find quite fascinating, isn't he? He's talking about the immune system. Talking about. Hit him with disease. And the Lord said to Satan, behold, here's this, can I jump on my hardwood floor (*jumping noise*) This is incredible. He is in your hand. But spare his life so there is no permission to kill. You cannot, so Satan, and that's important to note. So Satan went out from the presence of the Lord and struck Job. So it's not God who struck Job. It's Satan who struck Job with painful boils from the soul of his foot to the Crown of his head. How did Satan accomplish that? How did he do it? What's being demonstrated here about Satan? He has microbiological capabilities. How long has he had them? How did he get them? His intelligence is beyond anything we can imagine. He struck Job with boils so the obvious question is where did he get the boils? Where did he get the pathogen that causes boils? And Job took for himself potsherd with which to scrape himself while he sat in the midst of the ashes. Then his wife said to him, "Do you still hold fast to your integrity? What does he? What does she mean by integrity? Do you still hold fast to your integrity? The implication is that you ought not to right? Curse God and die!" But he said to her, "You speak as one of the foolish women speaks. Shall we indeed accept good from God, and shall we not accept adversity?" In all this Job did not sin with his lips. Now his friends show up immediately after this, and they of course accuse Job of being evil. You are being. You are sick because you brought it on yourself because of your sin. But remember God says no, he's acquitted. the Bible says that in all this Job did not sin with his lips and all of this Job did not sin nor charge God with wrong. God says he is acquitted. OK. That, of course, is the backdrop for which where we are for the first few pages. Here a lot to deal with. obviously the advice counsel of Job's wife is the most interesting is it not I hope it is, Curse God and die, that's what she says. Satan was unable to persuade Job in spite of the boils, in spite of all the adversity, the death of his children, the death of his servants, the death of his animals, his livestock. He was unable to persuade Job to curse God to his face. This is Satan's best work with regard to this person Job. Now again, Job connects to Adam. I want to know the tests of Adam. How many were there? I've asked that question my whole so called career. How many shots did Satan get at Adam before he gave up and went after the wife of Adam. Oh look! We have the wife of Job, will get to that in a second as well. Ok, many seconds. Satan was unable to get Job to curse God to his face but Job's wife, on the other hand, is certainly willing, isn't he? She allied herself. Who did she pick in the argument? Who did she argue on behalf of? She argued on the on behalf of the Satanic lie. That's what she did. That's a curious development. I hope you recognize that more obviously Job's wife must now be compared alongside who that's right. We have other wives here. We have Moses wife. What's her name? That's correct? Zipporah, for those of you who Zipporah, I think that's correct. Over here we have the woman Eve. So right here we have Jobs wife. So I have the wife for the Adam, the wife of Job, and I have the wife of Moses. I would expect that there will be some kind of relationship. Wouldn't I, [Exodus 4:24 through 26](#) is Zipporah. And ultimately, Eve the woman is at [Genesis 3:3](#). So I want to take curse. You still hold fast your integrity Curse God and die, I want to compare that. With what Eve says, and what Zipporah says, essentially the comparison is. God has said you shall not eat of it, nor should you touch it. That's what Eve said. Lest you die. So I had died here. I have died at Job.

And God did not say, touch it, did he? He just said, don't eat it. Touch it all you want. Why would they be allowed near it? Because that's the point. The point is what the point is, a discussion that was brought up in the angelic realm before man was created. So man has a connection to the angelic realm in the sense that he is the response to it. That's not biblically sound is not God is outside of time, but the Angels would see man as a response to the issue that they have the destruction of the angelic realm with regard to sin. God has said you shall not eat of it, nor shall you touch it, lest you die OK, Zipporah said, surely you are a husband of blood to me. And Jobs wife, do you still hold fast to your integrity, curse, God and die. Exactly what Satan said he would do. The wife is advocating for. Why would she do that? And nothing about these three statements are easy. They're all a challenge. Individually you have my permission to take the challenge on to bring up, bring a lunch, pack a lunch. But when you, when the intent is to evaluate them as a triad, all three. Three pieces of whole where you're going to have to dramatically increase your provisional assessments, you're going to need a lot of stuff to get through this. Many commentators begin with Zipporah and Job's wife as, as they see that those two are the most in alignment. Your husband of blood, Curse God and die. But if, they disregarded Eve, or set her aside usually. Everybody sets aside Eve because they think that it is a simple story and that there's no real value there. It just is the way it is. And the church today, the contemporary church, especially there is no scholarship anymore. It's all gone and died out in the early 1950s, in my view. You see, some in the 1960s, M. R. DeHaan, and Arnold Fruchtenbaum obviously, but mostly commentary is become simplified because that's what makes money. But you can take Eve outta, you have, [Romans 5:14](#) tells you can't take Eve out, so does [Deuteronomy 18:15](#) there altogether as he hope I have made the case for. So again, why does Job's wife advocate on behalf of the Lie of Satan? What is the reason or what is the reason that Eve says, "Touch it lest you die". In other words if you just touch it you'll die. Why does she say that? Why does this woman, the wife of Jobs say, "Curse, God and die?" Obviously she is deceived. Satan has deceived her. The woman is deceived, the woman is to see first. Does that sound familiar? [1<sup>st</sup> Timothy 2:14 and 15](#). They line right up, don't it? Don't they? She believes that Satan is right. She is convinced that Satan is right, just like at least 1/3 of the angelic realm. They not only believe Satan was right, but they thought there was no accountability of any kind and they all fell with him. I believe that that issue. Satan's premise, if you will hypothesis, lie, whatever you wish to believe his proposal. I believe it affected the entire angelic realm. But a third of them follow Satan because of it. OK. Need two more ice critically important in my off the camera when I've over him. That is too bad. No place to hide. Am I off the camera when I'm over here? Oh my gosh. Big problems. I can hide behind, no I can't. I got it all backed up today. Hopefully I'm not disrupting this system when I go back to this dry erase board. If it's true, I'll make the adjustment next week, but I won't watch the lecture. I'll just read the comments that does the same thing. She's deceived. That's the only logical induction here. Satan statement of [Job 1:9-11](#) is believed by Jobs wife that if you take the hedge away, everyone will curse you and die. And this is the only logical explanation, and that would explain her statement of [2:9](#). If she believed Satan was right about the hedge. Right about the possessions right about the blessing. Satan's premise again is that Job's fear of God is conditional on the hedge end of blessings in the positions. That's that's the whole argument and therefore Job is not something what is he not? If the only way he is in blessing God, it won't curse. God is because of what God is giving him with respect to possessions, family, livestock,

servants, and this hedge then for the. Job is not a free will being. And Job is not a free will being who else is not free will being? Everybody else. And Job's wife agrees with this and that is identical to Eve. That's identical to Eve's justification of taking of the tree of the knowledge of good and evil cannot re explain what she did there again at length having I've done that numerous times. As you know, a great deal of time spent on what Eve was thinking. So for today just begin with the addition of Zipporah to the mixture. Especially. How does Zipporah relate to Eve? As well as Lot's wife, I'm sorry Job's wife. I realized that what I just done is merely introductory. It's a cursory between us. Only want to do most of the time and the weeks to come. We shall advance this to the more complicated complex. And all of this is within the brackets. This is all of these guys. This is all in here, the bracketed. There within the bracket that contains the body of Adam, the body of Moses in body. But the body, body, body. Body Adam, Body Moses, the Body of Christ, Job's wife, and Job are all inside that bracket. That discussion. And all of the and what's within the back brackets ends up refuting Satan's premise of [Job 1:9 through 11](#). At some point I hope to make that clear. Now where should we be off to next? That was fun inside to find fun. I have not said, "By The Way", for a long time. So it builds up inside of me. To vomit out, By The Way. OK, before, let's see I should interject before we leave for only today. Job, there are two wondrous wondrous promises in Scripture. Some might insist is only one I said I subscribe to the that there are two. Two fantastic, wonderful promises. One of those is **the continuity of the soul**, which means the soul is not extinguished by physical death because it is not a physical system. Physical system cannot impact and non physical structure, soul, spirit, mind, memory, personhood. Call you whatever word you want to use. One of those promises that continues is not extinguishable, it is eternal. The other one is **the resurrection of the body**. Please repeat this repeat one. there are two fantastic promises in the bible made by christ **one is the continuity of the soul which cannot be extinguished it is your personhood you are a person that has a body, you are not a body that has a person. That the body contains no personhood at all, just a manifestation physically of the mind. The mind continues post death death count impacted because death is a physical process. The mind is not physical. It's never been physical, never will be physical. It does not emerge from the physical nature of the body. It is something that is given to us. It is the breath of the spirit of life.** Ok, the other great promise by Christ is **the resurrection of the body**. Those two fit together, **continuity the soul resurrection of the body**. These are warranties and Christ is the warrantor. He specifically guarantees that our personhood continues again after the physical death of the bodies ourselves of memories. All our information so go ahead and spent some time with black holes in information theory, or what they called the Black Hole Wars. I think you find that interesting. I can't remember the name. I believe it is Suskin against Hawkins there and pretty sure that that's correct. Hawkins does not prevail. All the information of our being resides in the soul, the spirit, the mind, which is unaffected by a physical death system, or our physical death process. So that is the continuity. Also, the body is going to be found. Most of the bodies over history have had what happened to them disintegration that gone completely to dust. They will be found. Christ will find them, that's his promise of the resurrection. He will resurrect all of the bodies of all of the beings that he deems to resurrect. That is not just human, he will resurrect them all. He is able to do it and he is willing to do it. Those are two components of him that are incredibly important. He will resurrect, he knows where the body is. He knows how to resurrect it and he will. What's at stake is not the resurrection in the continuity. What stake all are

resurrected, even to once you choose not to be believers, the destination, the destiny is that that's going to be determined by all at trial, either The Judgment Seat of Christ or The Great White Throne Judgment, and many will have chosen to reject Christ. I have forgot to set up my clock. What time did we start? You have 5 minutes before I give you your 10 minutes. OK, I gotta hurry now. Many will have chosen to reject Christ, they will not believe him what he says, He says that I am the resurrection and I am the one who provides continuity of the soul. He says that [John 11:25, 8:12](#), they do not believe him when he says that and they do not believe in him which means they do not think he is The Creator God. If you not believe that he is The Light of Life. But for those who do believe him, they will be given eternal life is Christ defines eternal life and those who refuse his gift of life will receive the alternative. And that is the second death as he defines the second death, which is a separation from him. There is still continuity. There is still eternity, but there is separation and that he calls the second death. Protest, Mankind's definitions are not the same as gods definitions, most of the time. Be wary of including popular cultures. Even the popular churches definitions of your theological tenants. Where was I OK? Last Sunday I said a couple of things scientists microbiologists cannot even explain one living cell. They can't explain it. And that's true. They cannot define life at all. They've never been able to define life. They never will be able to answer the question. What is life? You can ask about all day long. They will ignore you until you get into another class. You're not welcome here. We don't ask that question here. And that's discussed in Scripture. Isn't the scripture actually brings up this issue of defining life? What is life? [Exodus 8:16 through 19](#). That's how? Which plague is that? That's correct. That's the third plague. The dust of the land became lice. Lice are alive. Asking the school nurse. He made life come out of dust and what did the scientists excuse me, the magicians our excuse me, the scientists at the time say? When they were seeing this dust become lice. Lice covered everything. The dust became lice so much lice they couldn't understand it. You couldn't understand the magnitude of it, how much lice that? The scientists at the time [Exodus 8:19](#), could not make lice from dust. They were trying. They kept trying. They thought they could do it. We can make lice from dust. We can do this. No they couldn't and they gave up. There you go. There are the precursors of modern day scientists. And what did they say to the Pharaoh? They said this is the finger of God [John 8:6](#) only God can create life. That's what they said [John 8:6](#). And yes, [John 8:6](#) is correct. See also [Daniel 5](#), the finger of God. So. You see there's no such thing as a simple living cell. The phrase simple living cell is oxymoronic. Living cells have life and they have reproductive capacity. Two things; Life and Reproductive Capacity. Consider the mathematics of having life and having reproductive capacity. I could digress at rant here. I'm known for my mature restraint. No one laughed, someone starting to laugh. So I'm not going to refer to those who constantly repeat this phrase. Simple living cells as idiots. I won't do it. I will think that they're idiots, I just won't say that they're idiots out loud. Not wanting to diminish my reputation for cultured elegant gentility. There are some in the audience, of which there's only two for disagreeing with my assessment. In my description of myself, it is quite common. For many to say that Chronister that Chronister Fellow is cosmopolitan. Common and many and quite or all relative terms, subject to mathematical reinterpretation. There is no zero probabilities. But zero is not a number. Zero is a concept. Just saying that somebody will understand what I meant. Anyway, the monistic atheistic physicalist redundancy alert. Monistic atheistic physicalists. Believe it is a given that everything in the universe reduces to particles. So obviously there's a descendant question

from that when they say everything in the universe is reducible to particles, we have a question that rises up and wops ya upside the head. Namely, what do you say to that? I've been in these classes, as a young man, everything is reducible to particles, and then somebody, somewhere, every time, mostly will know what to do. Same thing as in the Biological Sciences. Question will come out, what is a particle? Isn't this fun? The theoretical physical community hates that question. They hate it as much as the Biological Sciences. Hate what is life? I'm saying define life don't describe life. Define a particle. Don't describe a particle. Define life, big difference between described and defined particles are said to be fundamentals or collapse wavefunctions. We did interferometry in many years ago and nobody remembers it. But very important interferometry because it gives you collapsed wave functions into particles. But no one knows what collapsed wavefunction really means. They'll say they do, but they don't, there's no agreement as to what a particle is in the physics community. Within the conglomerate that is the theoretical physics arena, unification and physics are ships passing in the fog night. In other words, in on a dark that they're in a fog at the same time they don't hit. There's no unification in physics at this point, and I don't expect there will be, there's separate concepts that never meet. I of course I'm very pleased with the problem. The definition problem. The inability of mankind defined the creation either physically or biologically add i submit it for many many years that this should have been anticipated it should have been obvious just read Max Planck read Vanna Heisenberg both saw this coming. But you're not going to be able to describe what we are or not be able to define. What we are describing. Isaac Newton saw it coming. Today you will find particles defined as representations of groups. That's how they define a particle. A representation of a group. Symmetry groups, they say that certainly clears everything up doesn't. Symmetry groups or mathematical matrices or rotational transformations you got it? Say yes, say thanks to the H.T.R.P. If you want to think of it this way for today, there saying particles are shifts in direction, shifts in time shifts and rotation or spin cycles. We've decided that particles and washing machines have some kind of relationship, but the representation is not the particle. Representation of Symmetry Groups of mathematical matrices is not the particle. Once again, it's the attempt by the scientific community, the magicians, if you will. To just merely describe the behavior of the particle, we can do that pretty good. Not great. But we do it and lights are on. We can describe the behavior of the particle, but we cannot describe or define the particle and then add the force of gravity. This is why I love gravity so much as well. Another phenomenon that mankind cannot explain will not explain, Ever! Let me set this now aside for what? For now we can wild cheering. Go ahead. he's going to stop but we're going to come back to it and how you can groan. Muttering it's located moderately given the subject. Make him stop that shouted by the dozens of who are still listening. Hopefully they're dozens, there might only be a dozen by now. OK. That's I know you don't think it's important, but I want you to know it's important because you have children to raise. I got a series of questions this week on the motives of Satan. Framed this way, I got exposed to ask the questions. One was six and one was four. And Terry knows who they are, first question, Does Satan want God to die? No. Satan does not want God to die, that's not part of what he's trying to do. That is obviously proved that the crucifixion isn't it? Because they threw, Judas and Satan through the 30 pieces of silver back to try to stop the crucifixion. So they do not want God to die. Satan, [Ezekiel 28:12](#), is full to the brim. That's what that word means. He is overflowing with wisdom. No other being is described like him. It is a created

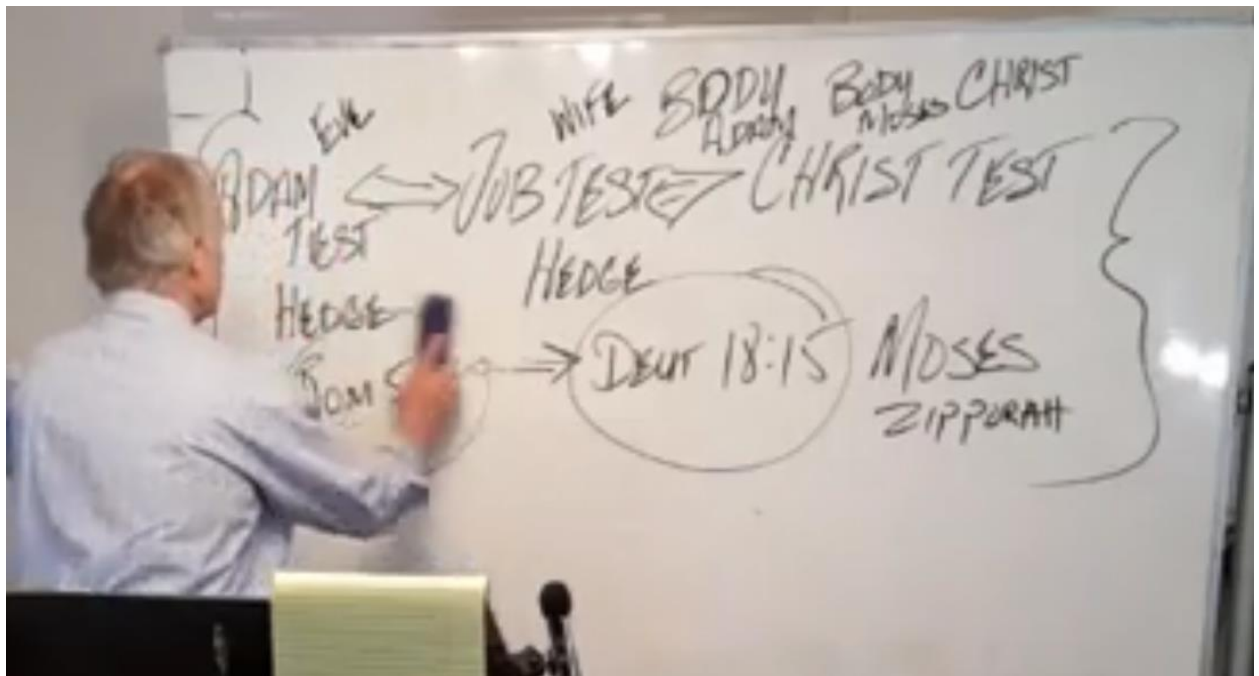

being. Satan knows that he was created by God. And if God were to die. Well then everything would die, including Satan. And by death I mean see cessation of existence. Satan is not stupid, they used to be displayed or portrait is stupid. God is life itself and not subject to death. And so there is no possibility that God would die and Satan understands that. Is Satan Ugly? Was the second question. Does Satan have horns was part of that. No. Satan is perfect, and beauty. [Ezekiel 28:12](#) his beauty is perfect. [28:17](#) he's incredibly beautiful once again Hollywood are Idiots, I should not call them idiots, it is not genteel, not cosmopolitan nonetheless they are idiots. Never take it theology from the media, ever. If there is no one without wisdom more so than the media of this country. They are as unwise as they possibly could get. I thought, but they're going to get more unwise Romans says so. OK. Hollywood is clueless is a redundancy. Why is Satan evil? This is the best of the three. How come it is the best of the three? I did cleverly did not give you the clue there. It is that it is the best of the three because it is why it is the why questioned why questions are always have primacy to repeat Satan presents that freewill existence again. Redundancy alert. You can't have free will without existence. They are interconnected. They can't be separable. Freewill existence can only be revealed by cursing God to his face, [Job 1](#), [Job 2](#). In other words, choosing evil is the only free choice that Satan's basic fundamental. Now there's more to it than just that, and this is a lie, and Satan knows it's a lie. He's filled with wisdom. There's great irony at play here. But Satan is a deceiver. He's able to deceive people, and beings. Some of that deception has been resolved. But nonetheless they still follow him. They know it's a lie, and they still follow him knowing it's a lie. Why do they do that? But anyway. Satan is and has been unable to resolve or even to conceive, the solution to sin and free will. An evil and good. He could not conceive of a solution. That is what [Matthew 4](#), [Luke 4](#), [Genesis 15](#) are all about is the solution to this issue. That is an angelic genesis or has an angelic foundation of origin. Satan eventually realized the solution. Is a person. The God man, as you know, [Matthew 4](#) and I have long said that Satan views God's love [2<sup>nd</sup> Peter 3:9 through 10](#), the Lord is longsuffering towards us, not willing that any should perish, but all should come to repentance as he sees that as the number one if you will, the the prime weakness of God. God's love is therefore the flaw to Satan. The frailty the failing of God is his love in the eyes of Satan, stated succinctly, God so loves his created. He will redeem all of them irrespective of their hatred for their creator, that's Satan's, fundament. God's not gonna do this because his love will overpower his justice, His Holiness. And again that is an Omnipotent, Omnipotent collision. And that is unsolvable, but it is demonstrated to be solvable that [Matthew 4](#), [Luke 4](#), in [Genesis 15](#) and [Matthew 26](#). That's the Cup. OK. So think of it this way, this is probably the best analogy I have. You have a beloved. I see you have a let's take the dog. You have a beloved dog, he loves you, you love the dog. Somebody has the dog, takes tapes with the dog to them. Our child, husband, wife, and jumps in and trying to drown both of them. Themselves and all, and the only way you can save the dog is to save the evil person. Would you do? Well, he says that's how. Gods, that's the conundrum. He's put front of God. It's not a very good analogy. I'll clean it up next week. We have the father who mourns for the loss who groans. Christ groaned him, and he's greatly, deeply saddened. [John 11:33 through 35](#). A weeps for the lost, he weeps for Israel that is lost. Will he relent? Will he set aside his justice? His Holiness in order, and he does. He would have to set aside His Holiness of expected on that in a minute in order to save. That who he groans and moans and weeps for, we will hear. Satan has accumulated indirectly and directly a mass of people and magnitude. We can't imagine who will will willfully curse God,

curse Christ to his face. That's what they will do. Will Jesus save them? Is the question if universalism is true and there are many universalists in a Christian church, they believe it is true and all are saved. Mormonism, for example, Terry, you would know that it's not who is saved is how close they are to the life of Christ, and they don't even believe Christ is God Center of the mind. If universalism is true, then Satan and his demons must be included in Salvation. Does that make sense? Because everybody says bold, all human needs are going to be saved, but they forget. But there's another element here. There's another aspect. There's another entity, that's the angelic entity. Will they be saved? If all are all humanity is saved, then all of enjoying the angelic realm will be. The host will be saved, Satan, his demons must be included. [Psalm 10:6-10](#), [Psalm 10:11](#), [Psalm 10:13](#). That declaration there will be proven to be true. I got you. and that declaration is which is the wicked will never face judgment never face adversity will never be tried they'll never be judged accountability is a threat but it's not a reality that is something that Satan says constantly again [Psalm 10](#) really lays it up beautifully and god God, therefore, will not provide justice in His Holiness is affected if he doesn't provide justice, think that through without me today. [Genesis 3:4](#) will prevail then, but Satan says it, [3:4](#) will actually prevail. God will be accused of sin of lying. It's a failing. And this is, you know, is why Michael does not rebuke Satan at [Jude 9](#) because he doesn't know how to. He says, the Lord knows how to counter you, not me. Michael did not have the wisdom to counter this attack, if you will, this accusation. The mystery of Godliness was not revealed until the cross. And what did Satan was? How did he respond to that that God dies? How did he respond to that? It is a curse, God, and die. It's Curse God and God dies. Satan, as predicted by the Pharaoh cause the Pharaoh is a picture of the Antichrist and therefore Satan. Because the two are one. Add Satan and Judas is, you know, I believe. And the Pharaoh, once he knew that God, he even says this is God that magicians, the scientist, said this is God. And Pharaoh did what he hardened himself, knowing that it was God. Satan sees the crucifixion and hardens himself anyway. OK, still really gotta go fat. Nicodemus, Joseph of Arimathea, the burial spices, Nicodemus and Joseph, knew the body of the Holy Thing, the Holy One, the indescribable, the undecipherable. Which is why he is the holy thing. You can't describe him as anything but a holy thing. There's no description for him. That's the same as manna, as I said, that's the same as the living cell can't be described can he? That's the same as particles can't be described. That's the same as gravity. See wave function could collapse his observation. There's no description for any of this. Who did it? The undecipherable one. The indescribable. Did really fast, who tied the colt? This is a. There's a. There's a female donkey, I don't know what ya call it, and a colt, tied. Who tied it? Did Nicodemus tie the colt and the donkey? [Mark 11:1 through 5](#) the Lord God of Creation has need of it. Who's the man with the pitcher of water, [Luke 22:10](#)? I'm gonna tell ya that's Joseph and Nicodemus, that's who they are. They're working over here, yeah? And Christ makes it clear, I've got you apostles over here, and I've got others. And two of those others are clearly Nicodemus and Joseph everything. I'm obviously again proposing the Nicodemus and Joseph are acting on the orders of Christ that they had access to them and he's giving them assignments that were unbelievable because they had figured something out that no one else figured out, they knew what the burial spices were really for. They weren't for burial at all, and they knew that, so he gave them other assignments, tie up the Donkey and Colt carry the pitcher of water, we will leave that for the next week. They knew [Psalm 16:10](#). They knew the holy thing that was Christ could not decay, could not putrefy and the body could not go to

corruption and therefore they knew that the wrapping of the body of Christ had a higher meaning. It would testify of a great truth of Christ. I said previously that [Psalm 16:10](#) is the scripture in which John refers to 29. He says John and Peter came into the tomb and saw the grave clothes in the face plot, but they didn't know [Psalm 16:10](#) yet. They didn't know the scripture that the Holy thing could not go into corruption. They were expecting a decayed body. There's no decayed body and didn't know the scripture. Obviously, Nicodemus and Joseph had been instructed to wrap Christ body as though. And though there are no zero probabilities, it's most likely that Nicodemus and Joseph were told why they would know why. They knew that it couldn't. He couldn't go to corruption, but he told him to write the wrap the body anyway, and they came with the burial spices before the women even thought about it. Once again, the women are way behind. Nicodemus is the teacher of Israel [John 3:10](#) he would know [Psalm 16:10](#), no doubt my mind that he knew it and so why did Christ include the wrapping of his uncorruptible body in his resurrection process? The wrappings cannot be attached to decay and are to smell. There was no decay, there was no smell. So what remains then? Lazarus provides some information, as you should suspect, Lazarus is wrapped and he's gotta be unwrapped. Who unwrapped him? Probably the ones who wrapped him in the first place. So the wrappers had to unwrap Lazarus because Lazarus had to be unwrapped. Jesus Christ unwrapped himself. And that's where you start and why Nicodemus and Joseph wrapped him. They wanted to do it right? They didn't trust those women. We gotta wrap it. There's a specific way he needs to be wrapped. Everybody's got know. That's where you start. 65 pounds of material, some say 100 pounds of material. What is the conveyed message? The meaning something is hidden here and it is tied to [Psalm 16:10](#) asking why it is that Christ body cannot decompose another central question. It's a great question question. It's alive question. Always ask why questions revert yourself to stage six and it's 4. OK, cleaning up some items from John earlier lectures, why do we have an immune response system and immune defense network specifically designed and installed to protect the body from outside pathogens? Why do we have that? Well, I might suggest this. The answer is attached to [Genesis 1:2](#), that's why. It's also [Genesis 1:4](#) the Earth was without form and void, and darkness had prevailed on the face of the deep, and the immune system is likewise assisted conjoined to [1:4](#) God divided the darkness from the light. There's your reason we have an immune system, got it? Wanna quit now? Why did God permit 1/2 of the darkness to continue? Cause he couldn't stop all the darkness. But he didn't, he kept half the darkness. Why do you keep half the darkness? I won't ask you who is the one, ask what is the darkness I'm going to ask who is the darkness? Why did he allow those to remain in darkness? Because God is, that's [2<sup>nd</sup> Peter 3:9-10](#), God is long suffering and not willing that any should perish. This is the love of God. Satan thinks is a weakness, the weakness. Long suffering is a time reference. As you know God throughout its time. That's why the sun and the moon, the great Clock down o'clock down countdown Clock, the ending of the Seas. He ends the seas. [Revelation 21:1](#). His finally ending in Moses. His body was hidden by God and no other person. Has this ever been said of, Michael contends with Satan over the body of Moses and no other person has this been said. I believe in my most humbly of all humbly opinions, that Moses, who spent time with God face to face. There's not there has not arisen in Israel. Prophet like Moses, holy Lord, new face to face. [Deuteronomy 34:10](#). Moses obviously asked the Lord about his own death. I know he did and I think the God told him about his death and I have. I have the apostle Johns death and I had the apostles death at the end of the book of John to back me up

here. Some say the Apostle John's death is this mysterious Moses that question? It's really really something else. No time left to discuss them with that open, let's say. Repeat the apostles had No Fear of death, nor did Moses, nor did Aaron, nor did Elisha. Just to name three anyway, Moses his body had to be hidden. Why yeah why question again? Whose he hiding it from? Obviously, hiding it from Satan, cause Satan is fighting for it. Satan obviously attempted to deny the hiding of the body of Moses. He wanted to prevent that. Next, easy question. Had Satan been successful in getting the body of Moses from Michael with Satan had hidden the body of Moses? Most people think he would go on display it, tried in try to get inside of it. Try to become Moses lead Israel astray. That's very common. So that means the body could not have gone to corruption. As I said last week. God intended to set aside Moses his body for some future purpose. Satan must have figured out. That there was some future purpose. We have the first coming of Moses. Therefore we must have what the second coming of Moses and Moses is a type of Christ and per [Deuteronomy 18:15](#) I have two comings of Christ I would have. two comings of Christ I would have two comings and Moses for second coming of Moses. That's how you answer that question. OK. End Transcription @16:57 11.28.2020
