WORDS OF GRACE FOR TROUBLED TIMES

CONCERNING SLAVES AND SLAVERY

1 PETER 2:13-25

1

Introduction

- The difficulty of this passage re: slaves
- The reality of present cultural issues, as well as a history of America stained with the blood of African slave trade
- These verses (also Eph6:5, Col3:22, 1Tim6:1, and Tit2:9) have been used to (1) justify slavery, (2) sooth the consciences of masters, and (3) keep believing slaves in submission
- One version of the Bible published with potentially difficult verses removed (anti- or sympathetic)

2

- This is understandably a major stumbling block in our day in regards to the authority of the Bible and the history of the church, and so is worthy of our time to dig deeper
- A question that arises is why, if God is not for slavery, and the Bible is God's Word, the Bible does not outright condemn it
- Let me assert clearly that the Bible indeed does, by command and example, outright condemn the involuntary and dehumanizing race slavery practiced in America

|---|---|
| Why then do the above named passages, some of which include instructions to Christian masters, not outright address the issues | |
| and condemn slavery? | |
| Two deeply significant questions: | |
| What is being spoken about with the term "slavery" in the OT and NT? (the same word fallacy - correct English word?) | |
| 2. In what circumstances are these passages written? | |
| Now to some absolutely necessary digging (buckle up!) | |

| Old Testament Law | |
| The Old Testament Law of Moses legislates slavery, but not in terms we are familiar (conflation) | |
| Slavery is not the best term - more accurately indentured servant or bond-servant (legal agreement or contract) | |
| This was voluntary with both parties | |
| The laws are intended for the protection of the servant, who maintained rights and was not the property of the master | |
| The contractual "ownership" is more akin to military service, sports | |
| teams, artists bound by law to fulfill terms, contract workers | |

| Israel's laws were concerned about controlling, regulating, and | |
| preventing abuse in a non-ideal situation - it was an inferior work arrangement which was induced by poverty and entered into | |
| voluntarily | |
| Essentially, this was a form of debt and poverty relief - and debt itself was discouraged, thus frequent commands to lend freely to the poor, | |
| yet not charge interest | |
| Debts were also to be cancelled every 7 years Servanthood was for the benefit of the servant, not the master | |
| (contrary to ante-bellum slavery in America) | |
| | |
| <u> </u> | |

| Release terms were regular (6 years) at which time they were free to pursue their own livelihood without further obligations There were rights, including sabbaths, being included in the household, embedded in the safety of Israel from outsiders, obligation of physical care In contrast to other forms of slavery in the ancient world which was largely defined by (1) slaves as property, (2) ownership total and absolute, and (3) stripped of identity | |

| God didn't want there to be any poverty in Israel (Deuteronomy 15:4). Therefore, servant laws existed to help the poor, not to | |
| harm them or keep them down. (Copan) • Contrary to surrounding cultures which saw only nobility and | |
| kings as gods' image, Genesis 1 and following affirms all human beings as created in image of God, including non-Israelites, both genders, all nations. | |

| 3 Key Laws | |
| 1. Release of injured servants, and forbidding abuse with possible death penalty (Ex 21:20, 26) | |
| 2. Anti-kidnapping laws, both selling and purchasing | |
| kidnapped persons, punishable by death (Ex21:16) | |
| 3. Responsibility to harbor, protect, and provide a life for runaway slaves from other nations (Dt 23:16) | |

| Slavery in America | |
| There is absolutely no biblical justification for the kind of nation-race based, kidnapping, non-voluntary, perpetual slave | erv |
| practiced in America | |
| • There is every reason to have opposed it and see it as a moral | |
| crime against God and humanity | |
| There is also reason to see ongoing consequences to this hum atrocity and God's judgement in the unfolding history of our nation, as was in Israel (Amos 8:6) | an |
| nation, as was in israel (Allios 6.0) | |

| Instruction to Servants (18-21) Servants, be subject to your masters with all respect, not only to the good and gentle but also to the unjust. For this is a gracious thing, when, mindful of God, one endures sorrows while suffering unjustly. | |

| P.S.: Modern Day Slavery | |
| [Wikipedia] Contemporary slavery, also known as modern slavery or neo-slavery, refers to institutional slavery that continues to occur in present-day society. | |
| Estimates of the number of slaves today range from around 22 million to 46 | |
| million, depending on the method used to form the estimate and the definition of slavery being used. | |
| The International Labour Organization estimates: over 40 million people are in some form of slavery today | |
| 24.9 million people are in forced labor 4.8 million persons in forced sexual exploitation | |
| 4 million persons in forced labor imposed by state authorities 15.4 million people are in forced marriage. | |
