Further Considerations

Philippians 1:1-11

What is Paul's attitude toward the believers in the church at Philippi? What is his stated confidence concerning their spiritual development? What elements are included in his prayer for them? How does Paul view his imprisonment—his chains and coming defense? What are some specific ways those elements might be displayed in our lives and ministries?

Philippians 1:12-18

How does Paul view the circumstances that have come into his life? What are some of the things which happened to Paul? How has the spread of the gospel been impacted by Paul's imprisonment? How have other believers responded to Paul's incarceration? What motivated others to preach Christ? How did Paul respond to these differing motives? What caused him to rejoice even when people sought to hurt him? How can we respond in a similar manner when people hurt us?

Philippians 1:19-26

What did Paul expect to be the outcome of his imprisonment? Why did he believe that it was necessary for him to continue his earthly ministry? How does that present need impact his life expectation stated in vv. 20-21? What does it mean to "magnify Christ"? What would be the opposite of magnifying Christ? Have you developed a statement for your life's ambition? How would you state your life purpose in one sentence?
