Lesson 64: Genesis – The Book of Beginnings

Text: Genesis 42-43

Theme: God's sovereign control.

Genesis is a perfect example of history and His-story. God used natural and current events...

The ages of Joseph – How old was Joseph when reunited to his brothers?

What does it mean when it refers to the sun, moon and eleven stars

The reference could have been to Leah, his stepmother

It could be a reference to the totality of his family

It could also be of those in authority

In vv. 21-24 there are some evidences that their hearts had changed over 20 years... ? What do you see?

Five times the brothers bowed down to him

As we leave chapter 42 who is left behind?

Genesis 43 Israel's family struggles

With Simeon left behind what seems strange to you in the opening verses of chapter 43?
