

“A Child Is Born To Us”

The Historical Incarnation And The Eternal Impact

Isaiah 9:6-7 (573)

No historical event was more common (the birth of a child) or more earth shattering (the birth of the Son of God). The prophet Isaiah spoke of the birth of a child who would possess divine names and would bring the law and the gospel to the earth. See the zeal of God at work in Bethlehem. Behold the increase of his government as his church proclaims peace to all the ends of the earth. Jesus fulfills the eschatological visions of Isaiah!
