

I was Blind but Now I See
John 9:1-41

The message of John 9 is that Jesus gives light to blind eyes. We start the chapter with Pharisees who see physically, and a blind man who cannot see physically. By the end of the chapter, the blind man sees physically and spiritually, and the seeing men, the Pharisees, are blind. John is showing us the essence of knowing and following Jesus. You follow Him out of darkness into His light.
