

## Message Title: The Creator's Genius Pt-1&2

**Theme:** This sub series, sandwiched in between messages on God's Schedule, looks at several things in creation that can only be explained by creative design. But unlike other similar studies which primarily seek to disprove evolution and reinforce biblical creation these focus on clues that demonstrate our Creator's abilities and pure genius.

In Psalm one hundred and eleven we read; "Praise ye the LORD. I will praise the LORD with my whole heart, in the assembly of the upright, and in the congregation. The works of the LORD are great, sought out of all them that have pleasure therein. His work is honourable and glorious: and his righteousness endureth for ever. He hath made his wonderful works to be remembered." At reading these verses the mind turns toward salvation, healing the sick, walking on water and other amazing miracles throughout scripture, but there are miracles all around us that are seldom if ever spoken of from pulpits. These have been left to the various branches of science to study and teach. The result is that God's brilliance is obscured and evidences of undeniable design are omitted completely.

**Salient Points:** The following illustrations are described in the audio messages.

Part one is a study of the unique design the Bombardier Beetle.

Part 2 is a study of the unique blood flow created for the Giraffe's head.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
