

1. Read Genesis 34:25-31 and Exodus 32:25-28. What do these passages reveal about the Levities? What do they reveal about God? How do they parallel our own lives in coming to Christ?
2. 1 Peter 2:5 says that we are a "holy priesthood." How are we to live up to that responsibility individually, and more importantly, how do we perform our priestly duties corporately in the local church?
3. In what ways is our "royal priesthood" like the one bestowed upon Israel in Exodus 19:6? In what ways is it entirely different?
4. In what ways are we in danger of treating our "royal priesthood" in the same manner as the Israelites?
5. How does it make you feel when you consider the fact that God chooses to use us to bring people from "darkness into His marvelous light?"
