

Aliens, Demons and Rapture

(January 15, 2024)

I've written about this subject on numerous occasions, (see links below). It's important to understand what the Bible says is factual concerning demons and Satan. Too many Christians, however, go beyond what God has provided and desire to look intently into these areas *directly*. That is not good because it tends to give "honor" to fallen angels. If you do seek more information there, please tread carefully, bathed in prayer and only if you firmly believe God would have you gain more insight into that area, but not by direct involvement ever.

One of the ways we can learn what "ascended masters" (aka demons in disguise), teach people who are open to their lies and deception is by reading what leaders within the New Age movement teach. As I've noted in several articles on the early church, much of what is taught today as New Age is merely reworked Gnosticism that directs acquisition of higher knowledge from "ascend masters" that brings people through the ranks of the spiritual realm, ultimately becoming true gods. This of course, can take numerous lifetimes (hence the need for reincarnation, they tell us), but will ultimately bring about the needed changes in the person (so they're promised), and ultimately, this earth. Since these people are hearing from the "ascended masters" who have already gone through the process and now speak from the spiritual realm, what's *not* to believe?

It's all spiritual fakery of course, as the goal of Satan and his fallen angels is to gain as many followers as possible before Satan and those same angels stand before God in final judgment. Satan knows he cannot win and wants to take as many human beings as possible with him to hell. This is solely due to Satan's abject hatred of people, whom God created in His own image, unlike Satan who was *not* created in God's image.

But before that day happens, he has a lot of work to do to achieve the promises he first made in both **Isaiah 14** and reflected in **Ezekiel 28**. You'll recall Satan promised to ultimately "*be like the Most High*," which means that he has every intention of becoming God Almighty. Fat chance, but those are his absurd desires.

God is willing to allow Satan to at least *try* as hard as he can to fulfill his ego-maniacal promises. To that end, as we have discussed before, God will allow Satan to bring this entire world together in a final globalized government, over which he will rule through his son, Antichrist.

But Satan has a huge problem. Before this can occur, something needs to happen. That problem is the fact that God's Church, Christ's Bride is in the way. Now, as I've also stated often, no one knows the exact day or time that the coming Tribulation will officially start. Stay away from those think they know. We only know the *event* that will kick that period of time off. We do *not* know on what particular calendar day it will occur until it does.

Because of that, it seems clear to me that as we are seeing occur throughout society now, things are ramping up to that point. I cannot tell you what the actual tipping point will be though. I can only surmise and put everyone on notice that things will likely progressively worsen this year in 2024 into the

future. I'm sure many things need to fall into place before the actual tipping event that ushers in the Tribulation occurs. I don't know what all of them are though and neither does anyone this side of the spiritual realm. Satan does not even know. God has kept things close to his chest. The only reason Satan might know more than we do is because of the activity he *sees* in the spiritual realm, but that only provides him with indicators, not specific knowledge.

Now, I firmly believe that one of the things that needs to occur before Satan is released to do his worst is what the New Age calls the coming "great evacuation." I've written about this before. [1] It started with George Van Tassel in the 1940-50's and was continued by Barbara Marciniak in the 1980-90's.

Here is a quote from *The Ashtar Command*, which highlights the same thing in the 1990's. The people involved in this group believe they are in touch with actual aliens who have provided them with insight into the future.

The Ashtar Command, Project World Evacuation, 1993: 'Our rescue ships will be able to come in close enough in the twinkling of an eye to set the lifting beams in operation in a moment. And all over the globe where events warrant it, this will be the method of evacuation. Mankind will be lifted, levitated shall we say, by the beams from our smaller ships. These smaller craft will in turn taxi the persons to the larger ships overhead, higher in the atmosphere, where there is ample space and quarters and supplies for millions of people...

They go onto tell us the following information.

Although these Messages of the coming Earth Changes and Ascension of Planet Earth given by the Ashtar Command in the 1980's through Tuella (Thelma Terrell) have since been long-delayed in their outcome, mainly through the strong efforts of the Forces of Darkness to eliminate or postpone the event, the instruction and program contained therein remains largely unchanged and applicable to the now fast approaching times of final cleansing...[1]

Barbara Marciniak, a leader within the New Age Movement, shares her insight into this same phenomenon.

The people who leave the planet during the time of Earth changes do not fit in here any longer, and they are stopping the harmony of Earth. When the time comes that perhaps 20 million people leave the planet at one time there will be a tremendous shift in consciousness for those who are remaining.[2]

Notice the message from aliens regarding Earth Changes and Ascension of Planet Earth (second quoted paragraph), given to Tuella. They note that everything "*have since been long-delayed in their outcome, mainly through the strong efforts of the Forces of Darkness to eliminate or postpone the event...*" Interesting, and just who or what are these "forces of darkness"? That would be *Christians* folks. It's *the Church*. Funny isn't it that a group of human beings called Christians can keep supposedly brilliant and highly advanced ALIENS from bringing about the changes they seek on earth allegedly for everyone's

benefit? The actual truth is that these aliens (demons), have no clue about when they will be allowed to make the changes to earth they seek, so Christians are the scapegoats. These aliens/demons are not God, so they are clueless and must wait for the right time.

Notice Barbara Marciniak's verbiage as well, when she talks about the people who *leave* the planet do so because they "*do not fit here any longer, and they are stopping the harmony of the Earth...*" Interesting, isn't it? Now of course, she has a number of things wrong because she's getting her information from Satan's minions. It's probably going to be far more than 20 million people who are "off-loaded" from earth to other planets. At one point, she refers to Christians as the ones who will be leaving the planet? Why? Because we are malcontents and causing the stoppage of this earth (Gaia), to advance to the next spiritual plane. In effect, what she is saying is that the very presence of authentic Christians on earth is powerful enough to keep things from progressing the way "ascended masters" and New Agers believe the earth should progress.

What this ostensibly means is that Satan cannot have his final kingdom in all its demonic glory in place as long as the Church remains here. This particular message is repeated throughout New Age material, not only from those mentioned above. This is just like Satan. He shares the "truth" to a point with his devoted followers that the world cannot progress until authentic Christians are gone. The New Age calls it the "Great Evacuation." The Bible refers to it as being "caught away" in the Rapture. Satan is actually admitting his limitations as long as the Church remains here on earth. Why? Because as Paul tells us the Holy Spirit acting *through* the Church (the Body of Christ), is *the* Restraining influence on this world (**2 Thessalonians 2**), period. Satan cannot overcome that because he cannot overcome God the Holy Spirit. He is powerless against Him and the only way he will be able to fully install his final one-world order over which he will rule through his spiritual son, Antichrist, is by having to wait until God removes the Church from this world.

It is not so much that the Church will be removed to *save* Christians from the Tribulation (though that is part of it). The Church *must* be removed because the Holy Spirit will no longer have that body of believers to work *through* in restraining evil throughout the earth.

Once the Church is removed (and the Restrainer's influence is moved aside), it will be then and only then that Satan will be allowed to move forward and he will take to that like a race horse out of the gate. As fast as a race horse can be, they have to stand and wait until that gate opens in front of them. Once it opens, they are literally OFF and running. That will be Satan because once the Church is gone, that will be his cue to do his worst. When reading through **Revelation**, it is clear that Satan is up to the task. However, he will still lose because though his desire is to BE God, he is NOT God and never will be.

Remember, Noah and his family and animals went *into* the Ark before God's judgment fell onto the earth. Lot also was *removed* from the area before God's angels could destroy Sodom and Gomorrah in God's judgment. In *both* cases though, life on earth became extremely corrupt and difficult. However, God's actual judgment did not begin until His own were safely out of the way.

This year will likely bring many changes to this world. An article by Greg Reese (the Reese Report), highlights numerous false flags that have occurred over the decades.[3] He believes another one is needed that will cause Russia to use nuclear warheads against the United States.

Professor Stephen Starr, associate of the Nuclear Age Peace Foundation, was recently on Russia's Soloviev live where he discussed a plan being suggested by NATO forces in Germany that stinks of plans for a false flag operation to usher in World War III. They have suggested a scenario wherein Russia sinks an American cruiser in the Black Sea. Followed by the United States attacking Russian ships with nuclear warheads. Which would then be followed by a Russian nuclear strike against NATO headquarters and a major US nuclear attack on all of Russia. They suggested more than three thousand strikes within one hour and the destruction of all major cities in Europe and the United States. Professor Starr said this would result in a hundred and fifty million tons of smoke and soot that would block out seventy percent of the sunlight in the Northern Hemisphere and last about ten years.

Sounds not only possible, but probable to me. Will it happen? Only God knows if and when it will occur. Frankly, what controbalists are working toward reminds me of specific judgments to occur *inside* the coming Tribulation. I don't know though. Some could occur this side of it. Maybe this is why globalists are busy building massive underground bunkers. They may know something the rest of us are not privy too.[4]

Maybe it's time to start looking up and be more about the Father's business than at any other time?
