

**Message Title:** Considering God's Schedule Pt-15 & 16

**Theme:** These two messages look into a seldom if ever considered subject, the significance of water in the scriptures. Most religions make some sort of baptism an important part of their doctrinal beliefs but they stop right there. God however considers water in various forms a major factor all the way through the bible. Between the Great Deep that He separated in Genesis one, to the water of life in Revelation 22, there are over 600 direct references to water. If we consider just the great flood, drowning Pharaoh, walking on water, the water from Jesus' side, and fountains of living water then on into how the Spirit is like water as well, we can see quickly that water is far more important to God than just for baptizing.

This entire series is focused on an Eternal Creator, the source of everything known to exist, but many challenge this statement immediately with the accepted scientific theory of evolution which is that it all started with a big bang. This is easy to believe because people want to believe that there will be no individual accountability in their future. They refuse to believe in an eternal being because everything points to a beginning and an end of things. This fails to consider that for a substance to form where there is a total void of matter and energy is scientifically impossible. The simple existence of matter and energy is conclusive proof of the eternal existence of both. The conclusion is then, that because matter and energy cannot be destroyed, only converted then they both exist in an eternal state. Just because it appears that everything seems to have a beginning and an end doesn't make it true, it is just an illusion.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
