Sermon: Christian Nation Pt. 3 “Christian Nation By Definition!”

I Text:

Old Covenant: *Psalm 82*

New Covenant: *Acts 2*

II Doctrine:

Modern Christianity has become an individualistic death cult. The Church has crowned the individual believer as King. We must recover our identity as part of Christ’s conquering army.

The Christian Church has all the essential qualities of a Nation. Without forcing modern definitions upon scripture, we can show point by point our nationhood. Christian Nationalism is not marrying ourselves to a political party, country, or cult of personality. True Christian Nationalism is educating the Nations to follow the Gospel and Law of our King Jesus Christ.

III Comparing Scripture With Scripture:

1) Stable Community. (*Matthew 16:13-20; Hebrews 10:23-25*)

2) Language. (*Acts 2:1-13*)

3) Territory. (*Matthew 28:16-20*)

4) History. (*Acts; World History Post 33 A.D.*)

5) Ethnicity. (*Luke 3:23-38*)

6) Culture. (“Sermon on The Mount”-*Matthew 5:17-20*)

*A nation is a **stable community** of people formed on the basis of a common **language, territory, history, ethnicity, or a common culture**. A nation is more overtly political than an ethnic group;[1][2] it has been described as "a fully mobilized or institutionalized ethnic group".*
