

Message Title: The Creator's Genius Pt-6&7

Theme: These two messages consider the unique individual design that God created in the Beaver and the Black and Yellow Garden Spider. Just as we surround ourselves with the things we enjoy, God does the same thing, even to the point that He told us that when He saw everything that he had made He said it was very good, including the very large Spider that could cause a sense of fear in us if we were to be surprised by one.

How could God say spiders and many other creepy things were good to look at? Before Adam and Eve sinned and God placed a curse on the earth, there was nothing to fear because nothing God had made could cause harm to others. The experience of His creation was probably one of curiosity as they first met each other, perhaps when God brought them to Adam to see what name he would give them. No doubt they all could appreciate their Creator's ability to make everything beautiful and unique.

For believers we have a blessed hope, not only of Jesus Christ's return but of the new earth foretold in Revelation 21 & 22 where there is no more curse and nothing that can cause harm anymore.

The fear we feel is a result of danger from things that may possibly harm us. It is learned first as small children as we observe parents as they react to situations and things. It triggers an adrenaline rush that forms a permanent memory about those circumstances which guards us in the future. Many times children have an unfounded fear that was a result of some unrealistic fear that a parent may have, but they have no fear of poison in the home because there was never an abrupt reaction by parents to the cleaning substances under the sink or electrical outlets that can be lethal.

The speaker would like you to know that all of these messages are in the chronological progression as God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, to what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life, is knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
