Is Genesis History?

Narrated by Del Tackett

Is Genesis History? features over a dozen scientists and scholars explaining how the world intersects with the history recorded in Genesis. From rock layers to fossils, from lions to stars, from the Bible to artifacts, this fascinating film will change the way you see the world.

The film’s goal is to provide a reasonable case for Creation in six normal days, a real Adam and Eve, an actual fall, a global flood, and a tower of Babel. Dr. Del Tackett, creator of *The Truth Project*, serves as your guide—hiking through canyons, climbing up mountains, and diving below the sea—in an exploration of two competing views...one compelling truth.

Join us this Friday, February 9th as we watch this film!
