

Message Title: Considering God's Schedule Pt-17 & 18

Theme: This message continues to study some of the things that the Bible tells us about how Jesus will set up His Millennial Reign and ways He will lift the curse on the Earth that Adam brought about. A major problem appears to be that the water here now, has something missing. Our current water molecule consists of two hydrogen atoms bound to one oxygen atom but when Jesus returns He adds real physical life to the water molecule. What is life? Life is like gravity they can only be described by how they function, their characteristics or their mathematical equations but creating life or gravity is supernatural. We can use centrifugal force to mimic gravity and we can save lives by restoring function if we act in time. We can participate in reproducing life by starting with cells that contain life, but to actually create life with its seven characteristics from inorganic matter is the work of God.

Interestingly when God created Adam from inorganic matter He didn't create life in him as He did with the plants and animals, He shared His own supernatural life.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the

focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, “you’ll get over it.” Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times “the most frustrating thing in life is, knowing what GOD could do and watch him not do it”. In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says,” it was much like when I first became a child of God all over again”. He describes it like application of (2 Corinthians 3:18), “But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord”. Truly a life changing experience as God increases and we automatically decrease., ,
