The binding of Satan

- There is a clear distinction between Satan's power before and after the cross.
- After the Cross his power is more limited, more restricted.
- After the Cross/Resurrection/Ascension Satan has lost his place in the heavenly court and has no more legal grounds.
- After the Cross, those who are in the Triumphant Christ, share in His victory over the powers of darkness.
- The powers of darkness are still powerful, but their power is limited, and the real issue for the believer is resistance against a defeated foe.
