

Revelation 5:5-14

Jesus in Heaven is referred to as the Lamb, and he alone is worthy of opening the scroll. Harp music stimulates the human immune system, no other instrument does this. The golden vials full of odors...these odors are incense, to make the place smell good. The 24 elders acting as priests, are offering prayers at the throne of God, offered up as incense, as sweet smelling incense, to God. The elders represent of the human race before the throne of God. There are an innumerable number of angels in heaven, too many to count. But it will not be crowded in heaven. Demons need a body to inhabit, be it animal or human. Psychic stuff is only communicating with the evil part of the spiritual world. Demons imitate your loved ones who have passed on. Demons to anything and try any trick to secure your soul for hell. There is continual worship and praise to God up in heaven. Scripture says we're going to be very busy in Heaven, worshipping and praising and working for God.

Chapter 6 opens the judgment of God unto the Earth. This starts the tribulation. The book of Daniel gives the timeline, 7 years, divided into 2 3.5 year periods. The Antichrist rules for the first 3.5 years. He's a charismatic individual, and wages a war without weapons. He will make peace on earth at first. But then he will almost destroy the Earth and all living things on it, except Jesus comes back and saves us and the Earth and the other living creatures on the planet. Jerusalem will be the capitol city of the Earth at that time, and He will rule from there. He has already designated this in scripture.
