

“Not a Chance”

Portrait of Our
Perfect High Priest

*Hebrews 11:3
part 37*

INTRODUCTION

- the amazing human ear
- where does it come from?
 - ...a random, impersonal process?
 - ...an intelligent, intentional Designer?

1. Faith in Chance

- the nature and limits of *science*
- the evolutionary belief in *how* things are as they are
- the evolutionary belief in *why* things are as they are

2. Faith in a Creator

- the dangers of philosophy apart from God's revelation

“Most philosophy is mere doodling with words, as many people do with a pencil. Without revelation, a source of basic truth, the best it can do is make verbal squiggles. Some are more impressive than others, but none can lay claim to the truth or to ultimate meaning.”

– John MacArthur

Col. 2:8

- creation not the result of an impersonal deity

+ “understand”

+ “worlds”

+ “prepared”

+ “by the word of God”

Gen. 1; 2 Pet. 3:5; Ps. 33:6, 9

CONCLUSION

- faith looks forward...and backwards
