

MOMS, JUST PLEASE GOD!

5/10/2020

Text: 2 Timothy 3:113-17

Theme: God has created mothers to raise Children for the Lord.

Being a mom in 2020 isn't an easy task. Especially during a virus.

May I encourage you moms with a few things?

1. It is easier to please the Lord than people
2. When you displease the Lord He totally forgives - & restores

Moms you have goals and ambition for your child or children, **but God has created them for one goal with one step to get to it**

**I. Mom, make sure your child/children are Christians (vv. 13-15)**

Paul is writing to Timothy who had been saved for about 20 yrs

**II. Mom, make sure your child/children are becoming Christ-like (vv. 16, 17)**

✝ Don't just see that your children get saved; see that they achieve the ultimate goal that the Lord has created them for which is to glorify the Lord with their lives

The Word of God is our foundation for faith and practice
