How were the Colossian believers to
know if such philosophy
was true or false?
Jesus is the authority of truth. If a
philosophy was not in accord with the
teaching of Christ, then it was false.

Sermon: Introduction to Colossians

1. False teaching was not something that only the Hebrew, Colossians, or Galatians had to face, but we do as well. If Paul was to write this letter to us living in 2022 in the	contains great reminders of who Jesus is and what He has accomplished (see Col. 1:15-21). How does being reminded of truths that you already know help to defend against false teaching?
Denton area, what false teachings do you think he might warn against?	5. Paul wrote 5 letters (books of the Bible) to believers while he was in prison. What does this say about Paul's love of fellow Christians?
2. What advice does Paul give to the Colossian believers who are face the threats of false teachers and false teaching in Colossians 2:6?	6. What else did Paul do while he was in prison besides write letters to his fellow believers? Col. 1:3: Phil. 1:12-13 Acts 16:25
3. How can we apply this passage (2:6) to believers facing false teaching today? For example, what advice would you give a fellow Christian facing friends, family, or media that was trying to lure him or her away with false teaching?	In difficult times, tribulations, and trials, it is easy to become self-focused (me centered). How could Paul's example of life while being imprisoned serve to be an encouragement to you when you face various difficulties?
