

“SPIRIT-AIDED INSANITY”

ROMANS 1:18-32; EXODUS 20:1-6

I. INSANITY STARTS SIMPLY

- A. *Willful disregard for truth; rejection of God*
- B. *Willful acceptance, even creation, of a new source of authority/truth*
 - 1. *Abuse of legitimate spiritual authorities as gods*
 - 2. *Willful worth-ship service of the new source of authority/truth*
 - 3. *Creation of an elite, authoritative group who communicate with the deities to discover their will, commands and doctrine*
 - 4. *Creation of symbols, phrases and ceremonies to gain spiritual insights, power and control*
 - 5. *Capture of citizens with the fake news of false prophets*
 - a. *Educational manipulation of the vulnerable for control through worldview*
 - b. *Media propaganda to control thinking of the culture; grieving the conscience*
 - c. *Flexing of force to quell thoughts of independence*
- C. *Unintended insanity thought of as wisdom*
- D. *God’s removal of mental safeguards from infected people; inrush of spirits to encourage independence from God and enforce the false prophets’ doctrines*
 - 1. *This is the first step in visiting the iniquity of the fathers onto the children for generations*

2. *Epigenetically, this puts the children inheriting from the parent this mindset and worldview to start their lives*
3. *The children are starting their lives with the mindset that there is no God, therefore there are no standards; they are blocked from thinking the reality of sin*

E. To reinforce the mental insanity, moral corruption is practiced and encouraged by the unclean spirits active at the source of the belief system

II. HABITUATION, DEMONIC WISDOM AND GOD’S DESERTION INTENSIFY INSANITY TO COMPLETE SELF AND CULTURAL DESTRUCTION

- A. A remnant people retain righteousness and speak out. Some insane folk can be rescued*
- B. With no repentance and with spirits blinding the generations, the succeeding generations of God-forsakers lose all moral capabilities and drift into perverted, mentally-weakened homosexuality*
- C. Unless humility, repentance, grace, faith and obedience arrive, the culture is damning itself*
- D. The third generation, by visitation and epigenetics, cannot think differently and cannot repent. God may not grant them repentance. They are fully insane and without hope. Their grandparents condemned them with their laxity and selfishness*
- E. Only God’s regenerative grace can rescue that last generation from their certain destruction*
