

Quantum of Light
The Hope of the Modern Christian
Ephesians 5:7-10
May 22, 2022

1. Many in the church have lost hope because their connection is with the world and not with Christ.

⁷Therefore do not become partners with them:

2. Christ however, calls us to abandon our connections with the world and live as an example of His saving grace.

a. We must not forget where each of us has come from.-- ⁸For at one time you were darkness,

b. We must not forget that Christ has changed each of us.--but now you are light in the Lord.

c. We must not forget how Christ expects each of us to live—Walk as children of light

d. We must not forget the tangible proof that all of this is true.—⁹(for the fruit of light is found in all that is good and right and true),

3. We must remember that we belong to Christ by His unmerited saving grace—¹⁰and try to discern what is pleasing to the Lord.
