WHEN CREATION SPEAKS – GOD SPEAKS TO MAN

5/22/2022

Text: Genesis 1

Theme: Then nature of God is seen in creation.

---

**The nature of God is seen in creation.** Enough of His nature and power is seen that the heart of man would be “spoken to” and drawn to Him

Some key verses regarding creation: Psa 95:3-5; 104:24, 25; 96:11, 12; Job 10:11, 12; Rev 4:11; Isa 43:7

### **God speaks to mankind through creation (Psa 19:1-6; Job 12:7-10)**

God’s Word says that creation speaks to everyone in every language. So that man is without excuse

### **Mankind is responsible for his response to God through creation (Rom 1:18-32; Eccl 3:11; John 1:3-5)**

Creation is an issue of faith. Man either responds in faith believing or rejects God’s call through creation

The Lord gives “light” to the spirit of man to discern what the Lord has done
