

Message Title: The Creator's Genius Pt-14 & 15

Theme: In this message four of God's creations are considered that display the complexity that was incorporated as God spoke, "Let the earth bring forth the living creature after his kind". He didn't import them from some other supply source; it was a new creation for this current world that He was re-creating, a fresh creation that would house beings made in His own image. The absolute genius involved in creating by the spoken word is beyond mortal man's ability to understand and that's the primary reason to reject it. When people don't believe they close their mind to evidence that they haven't personally experienced.

King David wrote, "O taste and see that the LORD is good". This is the perfect example of trust first then you will see. Just try to get a child to try to taste something that they don't like the look of, and they will refuse adamantly. They make decisions without any consideration of the available truth. Had the parent or person tried to trick them before by lying to them? Maybe they actually had tried something similar and didn't like it, but the only way to know is taste and see. It is just like that with spiritual things, they can't be communicated with words, they are only proven by personal experience.

These messages are presented for two reasons. First to draw attention to God's amazing genius on display all around us, and second is to expose people to the massive amounts of evidence available that prove the impossibility of the accidental existence of life on earth.

The speaker would like you to know that all of these messages are in the chronological progression as God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, *“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”*. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD’s existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, to what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, “you’ll get over it.” Slowly his efforts began to focus on

responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times “the most frustrating thing in life is knowing what GOD could do and watch him not do it”. In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says,” it was much like when I first became a child of God all over again”. He describes it like application of (2 Corinthians 3:18), “But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, *even* as by the Spirit of the Lord”. Truly a life changing experience as God increases and we automatically decrease.
