

“Judicious And Persuasive Speech”

The Grand Project To Form Wise Minds And Mouths

Proverbs 15-17

The word Judicious ought to be upon our lips! This adjective means having or showing good judgment or sense. Today we take a “tongue tour” through three chapters of Solomon’s proverbs (10:1) to investigate this smallest member given to us by God. Remember that 10:1 – 22:6 are “single-sentence proverbs intended to teach those who embrace wisdom how to live out that wisdom in all of life” (Reformation Study Bible p. 1031). May your heart “make [your] speech judicious and add persuasiveness to [your] lips” (16:23) to the glory of God!
