CREATION – EVERYTHING IS VERY GOOD

5/8/2022

Text: Various

Theme: Looking at God's creation and man's response to it.

I was thinking about our SS lesson this morning and all we learn about God. **The story of creation isn't really prominently about creation; it is about God**

God has universal knowledge (omniscience)

Creation is a fundamental belief (Eccl 3:11)

You can't know everything that God created, but you can know God through His creation

God created the world in six literal 24 hour days (Gen 1:31; Ex 20:11)

Mankind has made numerous responses to creation

Accept it (Heb 11:1, 2)

Reject it (Rom 1:20-23)

Corrupted it/Changed it (through theories)

These are the most dangerous – they don't reject God, but they twist and add to the narrative of what God has done. (This is done by those that believe in Him.)

Gap Theory – There is a gap between Gen 1:1 & 2

Day-Age Theory – a day w/ God is = 1,000 yrs

Theistic Evolution – God created the world and evolution developed it
