

Resist the Devil – Keep Praying, Building and Fighting Nehemiah 4:1-23

This chapter brings us to a new section of Nehemiah that spans Chapters 4-6 where there is nothing but opposition to the work of rebuilding worship in city. The accusers, mockers and attackers of the people of God show their true colors in these chapters. Chapter 4 not only equips us for times of trouble, but it also illustrates how “the accuser of the brethren”, the devil himself, attacks the blood bought, justified people of God by belittling the people of God and contradicting the gospel of the grace of the Lord Jesus Christ. Is the “accuser of the brethren” on your case today? This chapter will help you know how to resist him and neutralize his arrows.
