

## **Proverbs 22:6**

The Way They Should Go

*From milk ...*

### I. Making Disciples

- A. Home
- B. Home Church

### II. Training Servants

- A. For the Church
- B. In the World

### III. Sending Witnesses

- A. Well Grounded
- B. Walking Wise

*... to meat.*

### ***Children, Listen ...***

1. What does it mean to be a “disciple” of Jesus?
2. Is it important for Christian parent to teach their children the Bible?
3. The church has the duty of teaching people too. Besides the sermon, where else do you learn about the things of God in church?
4. Do you think that anyone, even if they are Christians for a long, long time, can stop learning about God from the Bible?
5. Would you like to teach the Bible some day? If so, where would you like to teach it?

## **Reformed School Grads**

It's hard to believe we have ten high school graduates at Covenant this year! We have had them here for different amounts of time (see if you can figure out who has been here their entire life), but we trust we have had lasting impact as a church on all of them for the good of their souls. We hope those who stay nearby will stick with us through this transition, and for those who go away from us, they know they have a church family right here at Covenant. We have had both the privilege and duty to contribute to their knowledge of God and His Word. Blessings graduates: may you prove to be true disciples of the Lord Jesus Christ and follow him all the days of your life. Covenant is committed to training up children in the way they should go from the very earliest of years. We strive to maintain a solid education program that ministers to our people from nursery age to the oldest among us. Granted, we only have a 20 year track record to go by, but teaching Bible and doctrine has and will continue to be a vital part of what we do as a church. Make sure you take advantage of all the opportunities we provide to help you grow in the grace and knowledge of God.
