## Law as Love

---

### Relationship between Law & Love:

1. God's Law is fulfilled by Love
2. Love is fulfilled as God's Law is kept
3. Love is not opposed to Law-keeping
4. Love is not bound to mere Law-keeping

### Praxis

1. Why does the world so often see Law & Love as incompatible?
2. What is it about the person and character of Christ that causes this to make sense from a Christian perspective?
3. What "law" in God's Word regarding how we relate to one another have you struggled most to see how it is loving? Meditate further and see if you can work out the love contained in this command.
4. Which law of God have you been breaking in favor of a supposed more "loving" way? What confession / correction might be in order?
