#### 1 Peter 1:10-12

### 1. The Old Testament \_\_\_\_\_ were captivated by the salvation about which they were prophesying.

- a. The way of salvation through Jesus Christ taught in the New Testament is of the \_\_\_\_\_ substance with what was spoken of by the Old Testament prophets.
- b. The prophets were so enthralled with this salvation by grace that they made \_\_\_\_\_ study to try to understand it more fully.
- c. It was by the Spirit of \_\_\_\_\_ that the prophets were able to speak of the sufferings and the glories of Christ.
- d. It was revealed to the prophets that their ministry was a service to those who would live \_\_\_\_\_ the coming of Christ.

### 2. The \_\_\_\_\_ have a great longing to look into the salvation of sinners by Jesus Christ.

*“Since the coming of the Son of God in our nature, and the laying down of His life, the angels appear to have been so \_\_\_\_\_ on this subject as to be comparatively indifferent to every other. In the other works of God, they had seen sometimes one perfection glorified, and sometimes another; but here they all unite their beams, and form one general blaze.”*  
- Andrew Fuller

### 3. The apostles, preachers, and recipients of this amazing salvation in the \_\_\_\_\_ of Christ are highly favored by God.

- a. The \_\_\_\_\_ were anointed by the Holy Spirit at Pentecost to preach the gospel.
- b. Those who preach and those who receive the gospel of Christ are the most \_\_\_\_\_ people in human history.

*“He shows his readers, who were suffering a loss of \_\_\_\_\_ in their society because of Christ, that in fact they were more privileged in the perspective of redemptive history than they could have known—more privileged than either the great prophets of old or the angels above.”* - Karen Jobes
