

Message Title: Why People Believe In Evolution Pt-1

Theme: This message considers how evolution became the mainstream in education, and why people believe in it so willingly.

Over 500 years before Jesus Christ was born, Daniel wrote this about the last days, “many shall run to and fro, and knowledge shall be increased”. In less than 200 years, man has progressed from horseback to self driving cars, from ships that needed wind to push them to ships that navigate using satellites and are powered with 100,000 hp engines, from envying birds to around 100,000 commercial flights daily. As far as the increase in knowledge, just turn on your smartphone and the amount of knowledge you can find and still fit in your pocket is staggering.

Daniel’s eleven words from the Bible stand as just a small sample of proof of the supernatural accuracy of scripture, and yet people still choose to believe that everything that exists came from a massive explosion with no explanation of where that came from or give us any logical reason for our existence.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous

lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, "***And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me***". Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
