Prophetic Element Spotlight | Justice

- Biblical Justice—a larger umbrella
 - o Impartial treatment
 - o Special concern for the needy and powerless and use of generosity and influence to help and correct
 - o Truth-telling
 - In thinking about justice, we must not mistake the mission of the church for the *ethic of the church-on-mission*.
 - In thinking about justice, we must not fail to obey clear biblical mandates because we are afraid of slippery slope-ism or being labeled liberal by others in the church
