

**“BEING A RESTORED HUMAN”**

**“HIS KINGDOM RULES OVER ALL”**

**PS. 103; DAN. 2:20-23; 4:3, 34-35; IS. 40:12-17**

**I. THE KINGDOM OF HEAVEN, THE KINGDOM OF EARTH COMBINED INTO THE KINGDOM OF GOD**

- A. Created to be in harmony with one another
- B. Created with a will to choose obedience or disobedience
- C. Choice in both kingdoms to disobey: some angels and all humans except where grace is extended
- D. A conflict immediately arose from competition for dominance: pride, deceit, lust for power, envy/jealousy, murder, sexual lust, perversion and twisting of God's plan until judgment came
  1. Perversion of angels from lust for women.
  2. Perversion of humanity: Creation of a new race: part human, part “god”, a genetically modified organism; the destruction of God's plan for a Messiah
  3. GMO's that are only evil continually; ignoring God's commands

**II. THE SEPARATION OF THE KINGDOMS**

- A. The kingdom of earth declared its independence and empires began to be formed: Nimrod, the Tower of Babel
- B. Reacting to the arrogance of declared independence yet desiring to keep the kingdom of God united, God separates the 70 families of earth into separate linguistic nations with one of the divine

*counsel members, sons of God, guiding each linguistic group or nation.*

*C. The nations are now “divorced” from God. He scatters them and assigns each of them a land.*

*D. He has picked a “wife,” Israel, and has selected for her a place to build her a home*

### **III. GOD IS SOVEREIGN OVER ALL; HOW HE DEALS WITH THE NATIONS**

*A. Gives to them necessary tools and guides to survive in the land given*

*B. Uses climate change or pestilence to move them*

*C. Sends messengers to them to turn to God*

*D. Uses other nations to judge them or discipline them and then judges the one disciplining them*

*E. Gives them liberty, through His longsuffering, to serve Him or not*

*F. Gives His Spirit as an influence to resist evil until He is rejected; He then steps back to allow them to repent*

*G. When He wants to discipline one nation or humble a nation or leader, He uses the motivations of the leader of the nation to rise up against another and seek conquest. This is carried out by the divine counsel*

*H. It is not only human beings that are engaged in the put down and rising of a nation. Behind it are spiritual powers that fight one another for power*

*I. Our engagement is to die to the world, be filled with the Spirit and proclaim amnesty to the rebels.*
