

LET'S GET TO THE HEART

ACTS 10:1-23

Context: The gospel was on the move and beginning to make inroads outside of Jerusalem, but there were still huge walls between Jews and Gentiles to hinder that progress. Acts 10 begins the story of how God started breaking down those walls.

Heart change for two men:

1. Cornelius had a great heart and reverence for God, but he still needed to be saved (1-8).

He needed to say and mean, "_____."

2. Peter was a great apostle who knew the power of God, but he still needed to learn the heart of God (9-23).
 - To save the whole world
 - No room for favoritism or prejudice
 - To look on the heart, not the outside

He needed to say and mean, "_____."

Heart change for us:

1. Every good person needs to _____ (1-8).
2. Every saved person needs to _____ (9-23).
