

*“Lifelong Learning”*  
**Being a Student of God**  
Acts 18:23-28

Introduction: Ever thought you knew it all. Come on, All of us cop a little attitude of knowing it all. Ever thought others did not know much or maybe nothing at all. How about thinking that you know more about something than someone else, therefore you do not need to listen to the other person. I have had a few experiences:

What does a teenager say when their parents repeat themselves about something to do or remember... “I Know, I Know”

Then what does the parent say: “Then do it”  
We all are guilty of telling God our heavenly father... “I Know, I Know”
