

Bound For Glory

A Series on How Mankind is Bound Together on Earth and in Eternity

Society, be it secular or Christian, has descended into a culture of individualism. This is the practice that elevates the self against the collective; the 'me' verses the 'us.' Though individual choices and actions are of fundamental importance, if we neglect the doctrine of the corporate, then we lose the doctrines of salvation, joy, and heaven. In this series we will, Lord willing, come to understand how the 'one' affects the 'many.' and our need for peace with God, joy in life, and hope in glory is all dependent upon being bound together with others.
