KEEPING YOUR COMMUNICATION BIBLICAL

7/29/2018

**20<sup>th</sup> message: Giving Focus To Your Relationships**

Text: Ephesians 4:25-32

Theme: Change your communication to make it biblical.

---

According to Galatians 6:1 let's look at communication that will help them while considering ourselves

**I. You must exchange dishonesty with honesty (v. 25)**

Act with the other person's best interest in mind, not yours

**II. You must exchange the past with the present (vv. 26, 27)**

Discuss current problems, not past history

There are two temptations when dealing with problems:

The temptation to bring up the past

The temptation to not resolve the problem

**III. You must exchange the destructive with constructive (v. 29)**

Attack the problem, not the person

**IV. You must exchange the emotional with Christ-like communication (vv. 31-32)**

Act, don't react

This includes: texting, emails, Facebook, Twitter...
