### Application

1. How do you need to grow in each of these three qualities? Make this a matter of prayer and repentance.
2. Consider one of these qualities and how it applies to God. Take some extended time to praise God that he possesses this quality and demonstrates this quality toward you.
3. Imagine two Christians who deeply disagree about the severity of the pandemic and were unable to agree on the facts. How could they apply each of the five qualities of Colossians 3:12? How would that change the discussion?
