

Sermon 20

Trans: Solomon lists four experiences that might cause a Christian to distrust God. First . . .

- I. When the _____ in society are praised even though they get away with wickedness (8:10).
- II. When the government's failure to arrest criminals leads to _____ (8:11).
- III. When the righteous _____ at the hands of the wicked but the wicked _____ because of the work of the righteous (8:14).
- IV. When we do not _____ what God is doing (8:16-17).

Prop: Our search for wisdom will dissolve distrust and replace it with a healthy fear of God.

What should our responses be in times like these? There are two of them.

- _____ and do not fret because all will ultimately answer to God (8:12-13).
- _____ in the simple pleasures of life even when you find life unfair (8:15).
