

I am the Bread of Life

John 6:41-59

The only hope of the world, our church, our families and our lives individually is found in the sixth chapter of John - feeding on Jesus the Word of God. In this chapter, John calls us to dependence upon Jesus as our bread. Whatever maladies we are experiencing in your soul, are related to what we have been eating – figuratively speaking. And, the eternal state of our souls is dependent on whether we have received the bread of life or not. Jesus explains all of this in the Synagogue at Capernaum as he encounters opposition to His claim that He is bread from heaven.
