

**Message Title:** God's Very Mysterious Ways

**Theme:** "God moves in mysterious ways, His wonders to perform" is a phrase many have heard and truly some of the events discussed in this message will help confirm these words.

Many of the events described in scripture are truly phenomenal and without faith become impossible to believe but even believers don't consider them much more than just interesting stories. The truth is that God intentionally leaves out nearly all of the real interesting details surrounding them. Such as; how did Jesus disappear and walk through a crowd without bumping into anyone, or what did the disciples see as Jesus kept passing out fish and bread to five thousand. Those who are curious imagine the details behind these miracles. In fact Psalm 111:2 tells us "The works of the LORD are great, sought out of all them that have pleasure therein".

This message is a continuation of the four watches, the two witnesses and was brought on a Fathers Day but as you will see it goes far, far beyond that.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
