**1. The Lord will accomplish His \_\_\_\_\_  
in His people regardless of the opposition.**

- a. The Lord is the Creator Redeemer so nothing is too \_\_\_\_\_ for Him.
  
- b. The Lord can easily \_\_\_\_\_ the counsel of worldly wise men while He confirms the words of His prophets.
  - 1) God encourages His people by decreeing that though Jerusalem and the cities of Judah would be in ruins they would be \_\_\_\_\_.
  
  - 2) God encourages His people by decreeing that He would use a yet to be \_\_\_\_\_, idolatrous king to rebuild the temple.

**2. Through \_\_\_\_\_ the Great of Persia, the Lord will clearly demonstrate His sovereignty over all things on behalf of His people.**

- a. God's purpose in using Cyrus to return Israel to their land is that people all over the \_\_\_\_\_ will know that He and He only is the Lord.
  
- b. The Lord makes it clear that He is fully sovereign; He not only decrees \_\_\_\_\_-being, but also calamity.

**3. The people of God are called to trust that His plan is the \_\_\_\_\_ plan.**

- a. It is dangerous to call God to give \_\_\_\_\_ for the things He does with which we do not agree.
  
- b. The people of God are called by the Lord to \_\_\_\_\_ to Him about their trials and then trust Him to do what is best.
