

A Church Glorified, Loved and Preserved
John 13:31-38

Jesus is preparing His disciples for His departure. He is telling them what kind of men they will be and what kind of church He is creating. He has already demonstrated that the ones He sends will be servants, taking up the towel to wash feet. He is explaining what kind of church he is creating. It is a church full of servants, it is a church being glorified, it is a church where they love one another and it is a church where they are preserved to see Him for all eternity.
